

The American Chemical Society - DFW Local Section Presents:

The 2022 Meeting in Miniature

Hosted by UT Dallas

April 23, 2022

Keynote Speaker

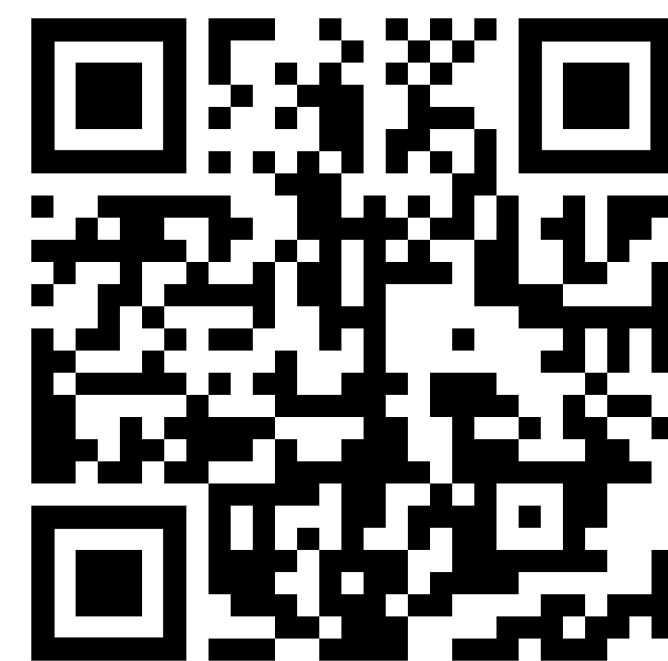

"Chromophore-Catalyst Assemblies for Solar Fuels" Professor Kirk Schanze

Robert A. Welch Distinguished University
Chair in Chemistry at UT San Antonio
Editor in Chief for ACS Applied Materials &
Interfaces

Call for Abstracts

We invite and encourage postdoctoral researchers, graduate, and undergraduate students to submit abstracts for a 10-12 minute oral presentation.

Registration for this meeting is free and will open in early March and close April 13. Scan the QR code to access the meeting website and register to attend.
